NTC is committed to providing you with the most complete General Contracting service in the North Country. Established in 2012 the managing partners of NTC bring three decades of experience to meet your construction needs.

Commercial and Industrial Property
We manage all stages of each project. From the pre-design phase of a project through construction and delivery. We form alliances with investors, contractors, structural engineers, and specialized trades people.
Northern Tier Contracting Takes Pride In:

- >On schedule completion.
- >Final product exceeding expectations.
- >Honesty, integrity, and great value.
